

Technical Controls Acquires Flow Products Incorporated of Bellingham, WA

It is our pleasure to announce that on November 3, 2009 Technical Controls, Incorporated acquired Flow Products Incorporated of Bellingham, WA. The distribution company will now operate as Technical Controls Inc out of our Renton, Washington office. Technical Controls is a highly diversified Filtration, Instrumentation and Valve Automation distributor with offices in Vancouver, WA; Renton, WA; Kalispell, MT; and Boise, ID.

For the past 23 years Flow Products Inc. has strived to provide its customers with excellent customer service and product solutions. With this acquisition we will have the capability to provide our customers with a new product offering of pumps and pump services. Please visit www.technical-controls.com and www.flowproducts.com to view our enhanced product offering.

Customers can also check product pricing and availability, place orders, track shipments, and check order history online at www.technical-controls.com.

We are very excited about this acquisition, and look forward to continuing to serve all of our customers with quality products and improved service. If you have any questions please do not hesitate to contact us.
